

INDUSTRIAL VISIT

Transpek Industries

An industrial visit was organized by C. K. Shah Vijapurwala Institute of Management on **15th February 2018 at Transpek industries**. The visit was planned for the students of Sem- 4, accompanied by the Faculty-coordinator Dr. Kerav Pandya.

The bus left the Campus by 9:00 am with a total of 36 students. The group was guided by Mrs. Rachana and Mr. Chandrasigh Parmar of Transpek industries. They took students to the training hall and then there was a quick round of introduction of students followed by company's introduction and safety instructions. Then they took the students to canteen for breakfast and after that a video on Transpek was shown which gave information about:

- Safety training
- Ethical standards
- Healthcare center
- CSR activities
- Employee engagement
- ISO Certification (9001, 14000, 18000 and 50001)

Within the industry premises Mrs. Rachana, Mr. Parmar along with Mr. Prakash Sheth took charge and had taken the group to the plant and briefed about the plant. There they brief student about their products which mainly includes- Thionyl chloride, Sulphur dichloride, Sulphur monochloride, Oleum 65%, Oleum 25%, Sulphur trioxide, Sulphuric acid 98%, Chloro sulphonic acid. The plant has the capacity of 135 metric ton.

Transpek is one of the leading producers of Thionyl Chloride in Asia. Transpek has become one of the leading manufacturers and exporters of a range of chemicals servicing the requirements of customers from a diverse range of industries - Textiles, Pharmaceuticals, Agrochemicals, Polymers, etc.

Over all it was an enriching experience for all the students. They got to know about how various management aspects are used in corporate world.
